

INTERNATIONAL MARKETS MAY 26TH 2023

End of day comment: The frenzy surrounding artificial intelligence led another day of gains in the stock market as traders were also growing more confident a deal on the US debt limit would be reached.

The S&P 500 rose 1.3% and the tech-heavy Nasdaq 100 added 2.6% as Marvell Technology Inc. said revenues in 2024 would “at least double” from a year ago on a surge in demand from AI, echoing sentiments from Nvidia Corp. earlier in the week. Shares of the chipmaker surged 32%. Source: Bloomberg.
